All-In-One 4P/6P/8P/DEC Premium Professional Modular Plug Crimper

- Premium all-in-one tool designed for all telecom and network installers.
- Crimps 4P/6P/8P (RJ22, RJ12/11, and RJ45) and 6P RJ11 DEC offset plugs.
- Parallel crimp action with precision crimp dies performs an accurate aligned termination result.
- Zinc alloy head ensures ultra-stable accurate crimp and improved visibility for easy access.
- Integrated round / flat cable stripper and cutter for cable preparation.
- Upgrade full-cycle ratchet mechanism ensures quality consistent & repeatable termination.
- Equipped with safety release to quick unlock and eliminate mis-crimp or obstruction.
- Embedded a flat cable 1/2" or 1/4" stripping guide without pre-measuring needed for fast work.
- Removable L part by screwdriver for 6P6C DEC offset plug.
